Please share this bulletin ("in-house" only!) with colleagues and governors and put it on the noticeboard!

Welcome to the bumper summer edition 6, full of useful information and timely top tips, amongst other content crafted by our advisors and network of professionals!

In this edition, **LeaderPulse** are back with a wellbeing article and at the first anniversary of the GDPR regs, we also welcome **Caroline Harrison**, Data Protection Specialist. Roger Smith has been busy – he has also forged a partnership with a new **energy check company** (more inside)!

We then cover the compulsory relationships education in primaries from 2020, including a very gratefully received contribution from Jamie Barry, Head of Parson St on his work on LGBT awareness. Are you prepared for the changes?

Karen Williams is back with advice on summer works and **Claire Leheup** with timely Outdoor Learning content on D of E and water safety. **Mandy Parry's** safeguarding update this time round is on knife crime, with comment from me afterwards.

Our support and training update also includes lockdown advice, sadly an increasingly non-optional part of educational establishments' training. **Please remember, also, DS can assist customers post-incident/threat in a range of ways from communications through trauma and counselling support to risk review.**

We then include a few 'plan-ahead' items for you. Bonfire night can creep on you sooner than you think! Now is the time to start carefully planning an event for this time, seeking assistance if required.

Enjoy!

Best wishes,

Bill Crocker

Executive Director
