Please share this bulletin (“in-house” only!) with colleagues and governors and put it on the noticeboard!

Your local and leading not for profit, community interest company, serving the education and community sectors.

Here's our Term 2 Bulletin, crafted by Editor, Sophie and, as usual, full of good stuff. Remember too, if you don't read from cover to cover, you can use the index to jump to items, then come back to it from the link at the bottom of each page.

Do look at our updated back page to see details of, not only the DS core team but also our extensive network partnership and the support and services on offer. Please also take a moment to welcome Catriona Mangham, who has joined the DS network. You will find a short bio on Cat within the bulletin, please get in touch if she can help you in any way.

We are really hoping that by the time the Term 3 Bulletin comes out we'll be able to comment on everyone having had a very well behaved and deserved Christmas break, within the national and local rules. Presumably something less flexible over the New Year, then we'll be into the rolling programme of vaccinations so the tentative, 'things will be looking much better for the Easter break and beyond', will be realised. You'll be able to look at the good things that have happened and keep them as part of the new normal. Probably on a phased basis, ease up on the things that can stop, and be looking at putting things like off site visits back to where they should be in the mix of things for the pupils.

Enjoy!
Best wishes,
Delegated Services
